

INU-16-005 Questions

1). Q - Is this a follow-on requirement?

If so, could you please provide the incumbent contract number for this opportunity?

If not, is this a new requirement?

A – This is a replacement of an existing antenna pole, but a new requirement

2). Q - Are there any photos of the pole needing replacement and an approximate overhead map of the location?

A - No, the antenna pole is located on EAFB.

3). Q - Are there any security restrictions that will require delays on access and working on the project?

A – standard requirements to work on a federal installation.

4). Q - Is the pole in the open and embedded in dirt or is there concrete or asphalt around the pole to be replaced?

A - currently in dirt, no concrete or asphalt

5). Q - Will the antennae's be removed prior to replacement of the pole?

A – yes, the antenna will be removed. The cross arms, supports, and cabling will need to be moved as part of the SOW.
